SCHOOLS

LEAD AGENCY: DEPARTMENT OF EDUCATION

Colifornio Department of Education (CDE)

Butte County

- CDE's Office of Learning Environments had representatives in Butte County, with school facilities experts to try and assess how to help the impacted districts and schools reopen as quickly and safely as possible. These efforts will continue, and the CDE is in the process of securing an emergency contract to cover services.
- CDE is working closely with school district leaders within the county to reopen schools throughout the county on 12/03/2018.
 - Key district personnel, including teachers returned 11/26/2018 for training, setting up classroom spaces, etc.
 - Paradise Middle School and Paradise High School will provide instruction with a hybrid model – both online and in person at a large center - as there is no viable school setting ready.
 - The other approximate 106 school sites are targeted to be ready.
 - (Oroville, CA) — TK-8 Concow students in the Golden Feather Union School District displaced by the Camp Fire will be relocated to Spring Valley School at 2771 Pentz Road which will reopen 12/3 along with other Butte County schools. The site was closed in 2010 due to declining enrollment, but became the answer for educating district students after the Camp Fire ripped through Concow.
- CDE is providing support to Butte County Office of Education (BCOE) to bring mental health and other counseling services to students and school staff for when they return to school. State associations and local educational agencies are providing counseling/trauma recovery services as contributed mutual aid; CDE is seeking sources of financial support to cover logistical expenses including support for transportation, lodging, food, training supplies, etc.
- Paradise Adventist Academy (private school located in Paradise) will reopen November 26 at their sister site in Chico.
